

## OUR MISSION

Our mission is to achieve a nature-positive future where business thrive, ecosystems flourish, and our planet is regenerated for generations to come.

## FOCUS AREAS

I4N provides support to accelerate nature-positive solutions, which create impact in the following focus areas:

Sustainable management of ecosystems

Nature as infrastructure and planet compatible cities

Productive and regenerative agriculture

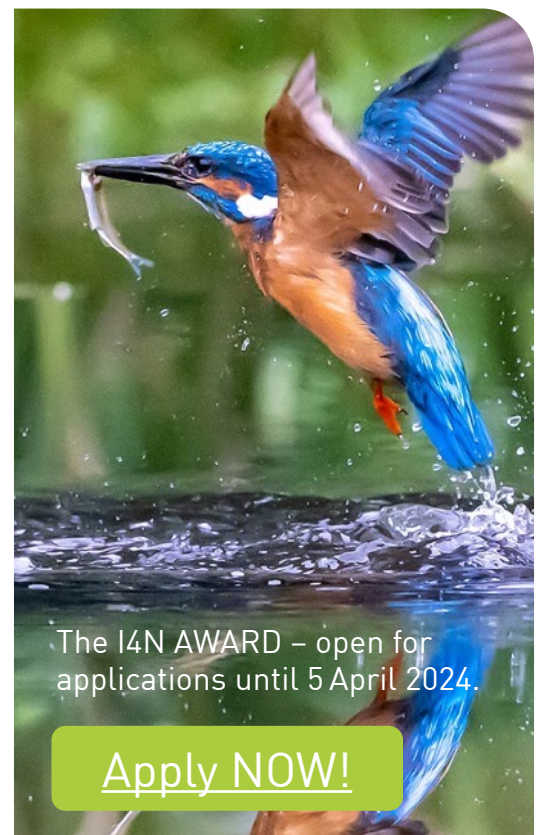

Circular nature-positive solutions

“A unique venue to find actionable projects and truly driven actors to help accelerate the emergence of nature-positive solutions for impact.”

“Innovate 4 Nature provides a solutions-oriented space for networking and partnership building within an enjoyable framework of 5 minutes pitches and roundtable discussions. I highly recommend it.”

I4N IS AN  
ACCELERATOR FOR  
NATURE-POSITIVE  
SOLUTIONS.

The I4N AWARD – open for applications until 5 April 2024.
